# DEATHS

**MR. ROBERT A. BRYANT**

Mr. Robert Alexander Bryant, 83, a retired Norfolk and Western Railway engineer and the president of the First National Bank of Keystone, W. Va., died Monday morning at Virginia Baptist Hospital, after a three-week illness.

Born in Appomattox County, Jan. 3, 1872, he was the son of T. B. Bryant and Martha Walker Bagby Bryant. He made his home with one of his surviving brothers, Walter S. Bryant, of Cullen. Also surviving is another brother, Reuben P. Bryant, Appomattox; and one sister, Mrs. Rosa B. Turnes, of Hopewell.

Active in civic affairs, he had been a member of Luther H. Clark Masonic Lodge, No. 94, Northfork, W. Va., Elks Lodge, No. 269, Bluefield, W. Va., and a member of Locomotive Engineers, No. 448. He was a member of Keystone Baptist Church in Keystone.

Funeral services were held Wednesday at 2:00 P. M. from Spring Creek Baptist Church, Darlington Heights. Burial was in the church cemetery.

**MR. JOHN W. DURRUM**

Mr. John Wilson Durrum, 77, died unexpectedly at his home here Tuesday at 5:30 P. M.

Mr. Durrum, a lifelong farmer, was born April 25, 1880, the son of the late John J. and Ann Harvey Durrum. He was never married.

Surviving are two sisters, Mrs. Alma Spiggle and Mrs. E. L. Layne, both of Appomattox, and a number of nieces and nephews.

Funeral services will be held Thursday at 3:00 P. M. at Robinson Funeral Home here, with burial in the family cemetery.

**LEONARD W. BAARS**

Leonard Warren Baars, husband of Mary Walker Camden Baars, died at Lynchburg General Hospital Sunday.

Born in Appomattox County Feb. 14, 1881, he was the son of George and Virginia Ford Baars. He was a retired farmer.

In addition to his wife, he is survived by one son, William Edward, of New York City; six daughters, Mrs. Grace Kennon, of Lynchburg; Mrs. Willis Goin, Mrs. Ruth Kibbis, Edna Frances Baars, Shirley Jean Baars, and Rose Mae Baars, all of Appomattox; and eight grandchildren.

Funeral services were held at the grave Tuesday morning, at the family cemetery, near Hisburg.

**RICHARD W. MOORE**

Richard Wayne Moore, 19, died early Saturday in Lynchburg General Hospital, as a result of injuries he received Thursday night when the automobile in which he was riding collided with a bourse on Route 26 near Bent Creek.

Born July 28, 1938, in this county, he was the son of Mr. and Mrs. Royall Moore. His mother is the former Verna Alice Kern. He was a member of the Mt. Comfort Methodist Church.

He is survived by his parents, his wife, the former Mary Frances Harris; a brother, Lewis Edward Moore; his maternal grandmother, Mrs. L. M. Kern, Gladstone; and his paternal grandmother, Mrs. Ocie Moore, Brookneal.

Funeral services were held Sunday at 3:00 P. M. from Mt. Comfort Church. The Revs. A. D. Smith and Elmer Greene officiated. Randolph Martin sang, and Mrs. Cecil Harvey was at the piano. Interment was in the church cemetery. Pallbearers were: Ralph Harris, Ralph Chenault, Charles A. Tweedy, Robert Martin, Julian Hesson and Clyde Barnes.

**COMMUNICATION**

(Note: The following letter to Mayor C. T. Moses, Jr., was sent this week by the Appomattox Garden Club, and is published at their request).

Dear Mayor Moses,

The members of the Appomattox Garden Club would like to express to you and to the members of the Town Council their gratitude for your efforts in sponsoring the Clean-Up Campaign here in Appomattox.

As you know, the members of the Garden Club are keenly interested in beautifying Appomattox, and will cooperate with you to the utmost in this matter.

We can think of no better means of bringing civic pride and beauty to the minds of the citizens than in asking that each citizen play a role in helping to "Clean-Up" and "Keep Clean" this historic community, of which we are all justly proud.

The Garden Club sincerely thanks you and the Council members for carrying on this extremely worthwhile project, and we wish you much success in your endeavor.

Sincerely,
Ruth H. Webb, Secretary,
Appomattox Garden Club.

**GOLDEN WEDDING**

Fifty years ago, Mr. and Mrs. William Clifton Harvey, of Oakville were united in marriage. We extend congratulations on this occasion.

By request, we reprint below the wedding account, from this newspaper of the wedding:

**HARVEY - MOSS**

On Tuesday afternoon, Oct. 8th, Miss Anna Belle Moss and William Clifton Harvey, Jr., of the Oakville neighborhood, were united in marriage at Red Oak Church, Rev. H. T. Allison officiating.

The bride, a lovely and accomplished young lady, is the daughter of our highly esteemed citizen, Mr. Richard T. Moss. The bride-groom, a popular young man, is the son of our worthy countryman, William C. Harvey, Sr.

The waiters were as:
Miss Edna Burge with Mr. Reuben Clarke Martin. Miss Nellie Hubbard with Mr. Ragland Featherston, Miss Mary Abbitt with Dr. Edwin Thornhill, Miss Mary Atkinson with Mr. Curry Abbitt, Miss Grace Taylor with Mr. Crawford Davidson, Miss Elizabeth Martin with Mr. Parks Jennings.

Maid of honor: Miss Jamie Moss. Best man: Litt Harvey. Flower girls, May Harvey and Nellie Moore.

Miss Daisy Moss, sister of the bride, presided at the organ and, with her usual ease and grace of manners, rendered Mendelssohn's and Lohengrin's beautiful wedding marches.

The bride was prettily attired in a brown traveling suit. The maids wore white with yellow girdles.

The church was beautifully decorated with green and yellow. A large number of relatives and friends were present to witness the ceremony, and to wish the happy young couple a prosperous and joyous life.

Mr. and Mrs. Harvey left on the afternoon train for the Jamestown Exposition.

Subscription rate: $2.00 a year; payable in advance.

## Once Tobacco Was Highly Recommended As Miracle Drug

CHICAGO—Well, wodda you know . . . the whooping about tobacco causing cancer and other sinister diseases has made headlines and a lot of bestsellers but, says Stan Levi, President of Chicago's Iwan Ries and Company, a tobacco firm celebrating its Centennial in 1957, few people realize that tobacco reigned as a miracle drug for almost 250 years.

It enjoyed the longest run of standard usage since it was discovered along about 1560 until the beginning of the 19th century.

Published records show it to have been prescribed for 59 separate diseases, including cancer, asthma, paralysis, rabies, et al. Minor ailments such as warts, insect bites, poor eyesight, and falling fingernails were not considered sufficiently important to list.

This wonderous drug was given as an antiseptic, an ungent, a powder, an emetic, as cathartic, and Queen Caroline of England used it as a dentifrice, as did women and children of those times. Did the patient suffer a heavy cough? He was told to smoke tobacco, deeply inhaled. Pains accompanying gestation or labor? Place a leaf of tobacco, very hot, on the navel. If a form of delirium ensued, doctors blew smoke up the nostrils. Headache? Snuff powdered tobacco.

A Danish professor of anatomy and royal physician researched new techniques for administering the precious herb. The smoke of it, as detailed in his papers, was blown into the intestines to counteract nervous and intestinal disorders and hysteria.

## Azaleas Challenge Cherry Blossoms

WASHINGTON—Washington's famous cherry blossoms face a new rival in the masses of azaleas that have come to decorate lawns, gardens, and parks in the city and its outskirts.

Recent years have brought increasing numbers of the shrubs, Richard T. Moss. The bride-groom, a popular young man, is the son of our worthy countryman, William C. Harvey, Sr.

## Marriage, Family Are Increasingly Popular

NEW YORK—Getting married and raising a family has become increasingly popular among the younger set, according to statistitians of the Metropolitan Life Insurance Company.

Since World War II the median age at first marriage has decreased by one and one-third years, the statisticians point out, and now stands at 23 years for men and 20 years for women. As a result, the married population at the younger ages has increased markedly, and there are now more than one and one-half times as many married men under age 25 as there were in 1940.

Equally noteworthy is the increase in the proportion of young couples with children, reflecting largely the baby boom incidental to World War II and its aftermath, the statisticians say. The number of births in the United States has reached a new high in each of the last six years, the 1956 figure being more than 4,000,000 compared to 2,560,000 in 1940.

## Cave-Dwelling Reptile Remains Are Discovered

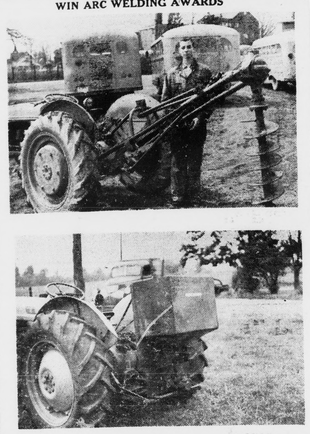
LOS ANGELES — Remains of cave-dwelling reptiles that lived more than 30 million years before the dinosaurs have been found in an Oklahoma limestone quarry.

Dr. Frank Peabody, paleontologist at the University of California, Los Angeles, who has studied the site, says that erosion and quarrying have exposed a limestone highland which was honeycombed with caves during the early age of reptiles, 210 million years ago.

**Mountain Generator**

WASHINGTON — To build the world's largest underground power station, miners burrowed a quarter of a mile inside British Columbia's Mount DuBose. Within the mountain, generators churn out electrical energy in an atom-bomb-proof excavation that will one day be big enough to drydock the Queen Mary.

**WIN ARC WELDING AWARDS**



Two Appomattox Future Farmers, Jack Tibbs and Dennis Torrence, have earned national recognition for arc welding. Announcement of sixth place honors to Tibbs and Torrence was made by A. F. Davis, Secretary of the James F. Lincoln Arc Welding Foundation.

Tibbs, son of Mr. Everett Tibbs, Pamplin, was recognized for planning and workmanship on a power posthole digger which he constructed as a farm mechanics project in vocational agriculture.

A tractor seeder and fertilizer distributor earned the award for Torrence, son of Elliott Torrence, Route 2, Appomattox. Like Jack, Dennis carried out his project as a part of his vocational agriculture work in farm mechanics.

Awards are provided for high school students living on farms or ranches who submit to the Lincoln Foundation the best entries describing how arc welding was used in a farm shop project. The awards are made each year for projects completed during the school year just finished.

Arc welding is an important phase of instruction in farm shop in the local high school. Each student receives approximately 35 hours of instruction in arc welding during his four-year course. Students begin with running simple beads and progress to more difficult jobs. Many of the boys are able to construct projects such as farm gates and trailers during their junior and senior years. A few complete advanced projects such as posthole diggers, trailer seeders, and hay loading elevators.

Welding may also be learned by young farmers and adult farmers in night classes offered during the winter.

**TRAFFIC TOLL RUNNING AHEAD**

Richmond, Va.- Virginia entered the last, and most dangerous, quarter of the year with 652 traffic deaths already registered, according to Colonel C. W. Woodson, Jr., Superintendent of State Police and Chairman of the Governor's Highway Safety Committee.

The nine-month toll represented 48 more deaths than for the same period of 1956 and the highest such total since 1952 when 655 people were killed during the first three quarters of the year. Colonel Woodson noted further that pedestrian deaths for the period numbered 115 as against 111 for the comparable period of 1956. Traffic volumes, he said, have been about 5 to 6 per cent above those of 1956.

September was the sixth month in which an increase in deaths over the same month of the preceding year occured. The 1956 and 1957 tolls are as follows: January, 49-69; February, 69-50; March, 82-54; April, 73-51; May, 76-76; June, 68-95; July, 85-89; August, 64-97; September, 68-71. "Without the disastrous months of June and August our record would have been very good indeed," Colonel Woodson commented.

"Other than the rise in traffic volumes, the only explanation that can be given is an increase in crashes killing more than one person," he said. As of October 1 of this year, we had 62 of these which resulted in 163 deaths. For the same period of 1956, there were but 54 which killed 129 people. Here the bad element of bad luck enters the picture since passengers who happen to be riding in the vehicles involved do not contribute to the faults that cause the tragedies."

Colonel Woodson listed as seasonal hazards of fall and early winter more hours of darkness and holidays, including football week-ends, with attendant increases in traffic and drinking.

He further noted that the first eight months of 1957 showed a national decrease of deaths to 23,503 from the 25,200 of the same period of 1956.

## Church Drive Exceeds Goal

The congregation of the Trinity Methodist Church, near Stonewall, this county, went "over the top" in their recent building fund drive, it has been announced by the Rev. Aaron D. Smith, pastor. A goal of $20,000 was set for a week's canvass for cash and pledges to build a new church sanctuary. During the week, the cash and pledges amounted to $22,000. The pastor estimated that when final reports are in, the sum will reach $24,000. Some start had already been made prior to the special canvass, and plans will now proceed to break ground early next spring for this project, which is expected to cost $35,000.

Dr. Ralph Haga, of Richmond, assisted in the canvass, with David L. Martin as lay chairman., with 5 teams of workers.

## Mayor Says Town to Use Parking Lot

Mayor C. T. Moses, Jr. today issued the following weekly report of Town affairs to the citizens:

"Another week has rolled around and I want to again thank everyone who has contributed in anyway towards the cleaning and beautifying of Lee-Grant Avenue. This is a rather long street and there are some sections of it that still need work. So, I believe it would be a good idea if we continue this week our job on Lee-Grant Avenue before we proceed further.

"The Town has at last been successful in securing a lease on a parking lot. We feel that if the cars are parked correctly that about thirty (30) cars can be parked in the lot. This lot is located on the west side of the Telephone Office. Both the Farmers National Bank and the Bank of Appomattox have rented five parking spaces each. If anyone else would like a parking space reserved for themself, please contact the Town Manager. The rent is $2.00 per month per space, which I feel is very reasonable. The Town does not expect to rent all of the spaces, but it does want most of the all-day parkers to have a chance to reserve a space if they desire to. I certainly hope that we will be able to have the lot in shape and properly marked by Oct. 31st. This should help the traffic conjection on Main Street considerably.

"During our 'Clean-up Campaign' if you should see any street signs that are down, please report this to Mr. C. J. Hunter, so that we can repair or replace them, and we hope to get a fresh coat of paint on all of them soon.

"In order for this 'Clean-up Campaign' to be a success, we must concentrate on maintaining cleanliness after we clean up. Should you see someone throw some paper or trash on the street or in the gutter, please tap them on the shoulder and in a courteous manner show them the nearest trash can and inform them that should they be reported that they are subject to a fine.

"Let's all pull together on this project, and I am sure that we will all reap great benefits.

The Council will hold its regular monthly meeting on Monday, Oct 21, at 7:30 P. M. in the Town Office. Anyone desiring to attend this meeting is cordially invited.

Sincerely,
C. T. Moses, Jr."

### NEW BOOK IN THE COUNTY LIBRARY

Below The Salt,
By Thomas B. Costain.

This is the story of how one of the most wicked kings of England, John was forced to sign the Magna Charta. It is also the story of Eleanor, the "Lost Princess," who had a better claim to the throne of England than her uncle, King John. Though Eleanor did not become Queen of England, in Costain's story she found a happiness that wearing the crown of England would never have given her.

Miss Margaret A. Spradlin, Assistant Home Demonstration Agent in Pittsylvania County, will be the guest speaker at the annual Appomattox County Home Demonstration Club Achievement Day Program, to be held October 23 at the Appomattox Elementary School, beginning at 2:00 P. M.

Miss Spradlin is a 1956 graduate of Radford College with a B. S. degree in Home Economics. She was an International Farm Youth Exchange to Brazil from October, 1956 to April, 1957. The two-way exchange is sponsored through the National 4-H Club Foundation. While in Brazil she lived with farm families in order to gain a better understanding of their way of life and in turn help them better to understand our way of life.

Miss Spradlin will speak on the subject of her stay in Brazil.

All home demonstration club members are invited to be present and bring their friends.

## Flu Hits Football Squad; Postpone Game

Coach Gordon Bragg stated today that the high school football game scheduled to be played Friday afternoon at Brookville H. S. has been postponed, due to an epidemic of flu which has hit the Blue Hornet squad. The coach said that twenty of his squad members are out with flu, and that he has asked Brookville to try to work out a new date for the game. This game was important because it was one of the four league games on the A. H. S. schedule this year, and four league games must be played in order to be eligible for the league championship. Appomattox has won all five of its games played so far this season, two of the five being league games, Last Friday night, the Blue Hornets scored at will here, to pin a 59 to 13 defeat on Amherst County H. S. It was one of the largest scores ever run up by an Appomattox team, and found Coach Bragg using virtually all the boys on his squad.

The Appomattox Junior Varsity team will play a game here tonight, meeting the E. C. Glass freshmen at 8:00 o'clock at the Town Park.

### Junior Woman's Club Meets Next Week

The Appomattox Junior Womans Club will meet Tuesday evening, Oct. 22, at 7:30, at the Appomattox Garment Company cafeteria.

Mrs. A. R. Harwood, Jr. will review a book.

### Spout Spring 4-H Club

The Spout Spring 4-H Club opened its second meeting of the school year by repating the 4-H pledge. A short program was given and the business session was held. Brenda Carson announced the winning of a six dollar award on an exhibit the club entered in the fair at Farmville. Brenda was chosen to represent the club at the county council. The club was informed that a state trooper would speak to them at the November meeting on Safety. Mr. Jim Smith, county agent, gave an interesting talk on "Safe use of firearms." During the talk he gave a demonstration on how to carry a gun properly, how to open a fence properly, when hunting alone or with others.

### Marine Corps Recruting

Young men and women enlisting in the Marine Corps may now stay at home up to four months before reporting for recruit training.

Approval of this program by Marine Corps Headquarters was announced today by Master Sergeant John D. Moore, of the Marine Corps Recruiting Sub-Station at Lynchburg, Va.

Its immediate effect will be to permit applicants to spend the holidays with their families.

More than 40,000 Virginian farmers have been assisted with their soil and water conservation problems through the Soil Conservation Districts program.
